Welcome to *Pittsburgh Chemical Day* 2014

On behalf of the Joint Chemical Group of Pittsburgh, we welcome you to the 47th annual Pittsburgh Chemical Day conference.

The theme of Pittsburgh Chemical Day is **The Chemistry Of Innovation** which focuses on innovation of products and processes, unique applications, and strategic opportunities.

Our goal is to provide an atmosphere that will assist you in generating new network connections, to capitalize on industry relationships, and optimize opportunities for business solutions.

It is our hope that the information provided by the industry experts will broaden your vision and knowledge to enable your future growth in an evolving industry.

The Economic Outlook, The Global State of the Chemical Industry, along with Chemical Mergers and Acquisitions, are topics that will be presented supplying valuable information for your future business decisions and ventures.

The conference could not happen without the help of many dedicated people. Please take a moment to read the lists of committee members and other contributors who have worked unlimited hours to make this day a success.

We hope you find PCD enjoyable, informative and extremely valuable for your future business decisions.
